PERSONAL PROJECTS

Portfolio

- portfolio-by-react-eosin.vercel.app
- Leveraging React's component-based architecture
- The portfolio features an interactive user interface that enhances user engagement and navigation.

Search Movies with API

- movie-search-by-react.vercel.app
- I have made this project by using JavaScript, API, Fetch
- We can search a movies with the help of tmdb API

Tesla Clone

- tesla-by-react.vercel.app
- This is a clone of the [tesla](https://www.tesla.com) page built with react js.
- The page has similar sections which made duplicating these sections a lot easier with react.

Ecommerce Website Clone

- ecommerce-by-react.vercel.app
- It involves creating and launching a virtual store to sell products.
- Build using React.js and CSS

Todo List

- todo-list-by-react.vercel.app
- Type just about anything into the task field and it fills your to-do list.
- Build using React.js and CSS

CERTIFICATES

- Certificate of Front End development from Fullstack Learning. (03/2023 - Present)

- Certificate of Web Design from Matrix Computers. (01/2023 - 02/2023)
